

D. ZULETA*

America and Africa

AMERICA

Your struggle will not go unnoticed, not unnoticed, not unnoticed NO

AMERICA

Already America, America, America
Your dream is my pain

AMERICA

Sow your light, sow sow sow love.

AFRICA

Africa bare your skin and begin to start.

AFRICA

use the water wheels of your ancestry

AFRICA

do not despair!!

AFRICA

The change of the course of the river to love awaits you

AFRICA

the fists raised like mountain ranges will be victorious

AFRICA

It may not be tomorrow but
I promise one day we'll get there,
my arm, my mind, my guitar and soul
have already come together to that end.

AMERICA

AMERICA.
